## Airmen's Academic Examination

| Qualification     | Airline Transport Pilot (Airplane) (Rotorcraft) (Airshi<br>Civil Aeronautics Law<br>(subject code: 04) |   | ) No. of questions;<br>time allowed   | 20 questions; 40 minutes  |
|-------------------|--|---|---|---|
| Subject           |  |   | Code  | A1CC041690  |
| •fr Explanatory I | Notes: (1)   | In the designated spaces on the A<br>Choice Answers) (mark sheet), wr<br>subject code, subject code mark, o<br>If you write your examinee numbe<br>mark incorrectly, computer grading | rite your examinee number, ex<br>qualification, qualification cate<br>er, examinee number mark, sul | aminee number mark, subject,<br>gory, name, and date of birth.<br>bject code, and/or subject code |
|                   | (2)  | Write your answers on the Airmen<br>Answers) (mark sheet).  | 's Academic Examination Ans   | wer Sheet (Multiple-Choice  |
| ☆ Point Alloc     | cation:  | All questions are worth five points   | each.   |   |
| 🖈 Pass Mark       | (:   | The pass mark is 70 %.  |   |   |

| Question 1: | <ul> <li>Which of the following definitions in Article 2 (Definition) of the Civil Aeronautics Act is incorrect?</li> <li>(1) The term "air navigation facility" means any facility to aid the navigation of aircraft by means of radio wave, lights, colors or signs as may be specified by Ordinances of the Ministry of Land, Infrastructure, Transport and Tourism.</li> </ul>  |  |                            |       |  |  |  |
|-------------|---|--|----------------------------|-------|--|--|--|
|             | (2) The term "air traffic control area" means any airspace, 300 meters or more above the land or water,<br>and designated for the safety of air traffic in the public notice by the Minister of Land, Infrastructure,<br>Transport and Tourism.   |  |                            |       |  |  |  |
|             | (3)   | (3) The term "air traffic control zone" means any airspace above any airport, etc. and its vicinity where<br>frequent takeoff and landing of aircraft are performed, and designated in the public notice by the<br>Minister of Land, Infrastructure, Transport and Tourism for the safety of air traffic in that airspace. |                            |       |  |  |  |
|             | (4) The term "instrument meteorological condition" means bad weather conditions with a range of vision,<br>specified by Ordinances of the Ministry of Land, Infrastructure, Transport and Tourism, taking the<br>visibility and cloud conditions into consideration.  |  |                            |       |  |  |  |
| Question 2: | The following statements (a) to (d) describe the visual meteorological conditions applicable to aircraft flying in the control area, control zone or information zone at an altitude lower than 3,000 m. How many of these statements are correct? Choose from (1) to (4) below.  |  |                            |       |  |  |  |
|             | (a)   | Flight visibility of 5,000 m or more   |                            |       |  |  |  |
|             | (b)   | No clouds within vertical distance of  | 150 m above the aircraft   |       |  |  |  |
|             | (c)   | No clouds within vertical distance of  | 300 m below the aircraft   |       |  |  |  |
|             | (d)   | No clouds within horizontal distance   | of 600 m from the aircraft |       |  |  |  |
|             | (1) 1   | (2) 2  | (3) 3                      | (4) 4 |  |  |  |
| Question 3: | How many of the following statements (a) to (d) regarding the validity periods of aviation medical certification for an airline transport pilot who operates an aircraft for air transport services to transport passengers are correct? Choose from (1) to (4) below.  |  |                            |       |  |  |  |
|             | (a) In case the flight operation is performed by two pilots and the age of the pilot is under 60 at the day of issuance: 1 year   |  |                            |       |  |  |  |
|             | (b) In case the flight operation is performed by two pilots and the age of the pilot is 40 or over at the day of issuance: 9 months   |  |                            |       |  |  |  |
|             | (c) In case the flight operation is performed by two pilots and the age of the pilot is under 40 at the day of issuance: 2 years  |  |                            |       |  |  |  |
|             | (d) In case the flight operation is performed by two pilots and the age of the pilot is 60 or over at the day of issuance: 6 months   |  |                            |       |  |  |  |
|             | (D 1  | (2) 2  | (3) 3                      | (4) 4 |  |  |  |
| Question 4: | Which of the following statements regarding the Aviation English Proficiency Certification is incorrect?  |  |                            |       |  |  |  |
|             | <ol> <li>A pilot who engages in a flight conducted between a point within Japan and a point outside of Japan<br/>needs to have an Aviation English Proficiency Certification.</li> </ol>  |  |                            |       |  |  |  |
|             | (2) A pilot who engages in a flight that leaves Japan and arrives in Japan, passing over a country or its<br>territories other than Japan without landing, needs to have an Aviation English Proficiency<br>Certification.  |  |                            |       |  |  |  |
|             | (3) The categories of aircraft which require their pilot to hold an Aviation English Proficiency Certification are aeroplanes and rotorcraft.   |  |                            |       |  |  |  |
|             | (4) The validity period of the Aviation English Proficiency Certification is unlimited irrespective of the<br>Language Proficiency Level.   |  |                            |       |  |  |  |
| Question 5: | The following is a part of the provisions of Article 179 (Speed limitation in air traffic control zone, etc.) of the Ordinance for Enforcement of the Civil Aeronautics Act. How many of the underlined values (a) to (d) are correct? Choose from (1) to (4) below.  |  |                            |       |  |  |  |
|             | (i) In the case of aircraft navigating in an air space prescribed under item (i) of Article 82-2 (Air traffic control zone, etc.) of the Act and concurrently in the air space at an altitude of <u>(a) 900 m</u> or less, the indicated air speed listed for each of the classifications of aircraft specified below:  |  |                            |       |  |  |  |
|             | (a) Aircraft equipped with reciprocating engines: (b) 170 knots   |  |                            |       |  |  |  |
|             | (b) Aircraft equipped with turbine engines: (c) 210 knots   |  |                            |       |  |  |  |
|             | (ii) In the case of aircraft navigating in an air space prescribed under item (i) of Article 82-2 (Air traffic control zone, etc.) of the Act and concurrently in the air space at an altitude exceeding (a) 900 m. or aircraft navigating in an air space designated in the public notice by the Minister of Land, Infrastructure, Transport and Tourism, which is in the approach control area and adjoins an air traffic control zone, the indicated air speed of (d) 230 knots. |  |                            |       |  |  |  |
|             | (1) 1   | 1 (2) 2  | (3) 3                      | (4) 4 |  |  |  |

| Question 6:  | An aircraft engaged in operations in air at night shall be marked by the lights specified in Article 15 lights) of the Ordinance for Enforcement of the Civil Aeronautics Act. Which of the following combin aircraft lights is correct as the above-mentioned lights? |   |  |  |  |
|--------------|--|---|--|--|--|
|              | (1) Starboard light, port light  | ght and anti-collision light  |  |  |  |
| 6            | (2) Starboard light, port li   | ght and landing light   |  |  |  |
|              | (3) Starboard light, port li   | ght, tail light and anti-collision light  |  |  |  |
|              | (4) Starboard light, port li   | ght, tail light and landing light   |  |  |  |
| Question 7:  | Which of the following corre   | ctly describes the requirements regarding   | g the daytime obstacle markings?         |  |  |
|              | shall install daytime o  | nstalled any objects with a height of 60 m<br>bstacle markings on the structures conce<br>histry of Land, Infrastructure, Transport an                      | rned pursuant to the provision of        |  |  |
|              |  | el tower, column, and other object which<br>s considered difficult to perceive from airc<br>kings.  |  |  |  |
|              | (3) The daytime obstacle   | markings shall include color of coatings,   | flags and marking means.                 |  |  |
|              | (4) Daytime obstacle man must be installed.  | kings shall also be placed on an object o   | n which high-intensity obstacle lights   |  |  |
| Question 8:  | Which of the following items is not included in the items to be described in a Flight Manual stipulated in Article 5-4 (Flight manual) of the Ordinance for Enforcement of the Civil Aeronautics Act?  |   |  |  |  |
|              | (1) Aircraft general   |   |  |  |  |
|              | (2) Matters relating to air  | craft operating limitations   |  |  |  |
|              | (3) Operating procedures   | of various systems under normal conditi   | ons                                      |  |  |
|              | (4) Items relating to engir  | ne noise  |  |  |  |
| Question 9:  | The following statements describe those aircraft that shall be boarded by two airmen who can perform the pilotage of the aircraft as stipulated by Article 65 (Aircrew to be on board aircraft) of the Civil Aeronautics Act. Which one is incorrect?                  |   |  |  |  |
|              | (1) Aircraft, because of its structure, which needs two persons for pilotage of aircraft   |   |  |  |  |
|              | (2) Aircraft which needs t   | wo persons for pilotage only for the purpoind which engages in a flight according to  | ose of a flight according to the special |  |  |
|              | (3) Aircraft which is used<br>flight rules   | for air transport of passengers and which   | n engages in a flight under instrument   |  |  |
|              | (4) Aircraft which is used<br>which exceeds 4 hour   | for air transport of passengers and which<br>s  | n engages in a flight, the duration of   |  |  |
| Question 10: | How many of the following statements (a) to (c) regarding the recent flight experience of a pilot engaged in operating aircraft used for air transport services are correct? Choose from (1) to (4) below.   |   |  |  |  |
|              | take-offs and three la   | erating aircraft used for air transport servi<br>ndings in aircraft of the same type used fo<br>on which the pilot is carrying out pilot duti               | or air transport services, within the 90 |  |  |
|              | night-time landing mu  | erating aircraft used for air transport serv<br>st have experience of one night-time take<br>pe used for air transport services, within<br>it pilot duties. | e-off and one night-time landing in      |  |  |
|              |  | carrying out instrument flight shall have i<br>ours or longer within the 180 days prior to  |  |  |  |
|              | (1) None (2)   | 1 (3) 2   | (4) 3                                    |  |  |

(1) None (2) 1 (3) 2 (4) 3

| Question 11: | Which of the following activities shall not be performed by a pilot unless he/she has passed the examination of the specific pilot competence certificate for the category of aircraft which he/she intends to operate, as stipulated in Article 71-3 (Examination, etc. for Specific Pilot Competence) of the Civil Aeronautics Act?                             |  |  |  |  |  |
|--------------|---|--|--|--|--|--|
|              | (1) Pilotage of an aircraft   |  |  |  |  |  |
|              | (2) Supervision of flight training by a person who does not hold the required pilot competence certificate  |  |  |  |  |  |
|              | Supervision of flight training for instrument flight, etc. by a person who does not hold the required instrument flight certificate   |  |  |  |  |  |
|              | (4) Flight training using an aircraft simulator (including aircraft training device)  |  |  |  |  |  |
| Question 12: | Which of the following statements regarding the obligation, authority, etc. of the pilot-in-command is incorrect?   |  |  |  |  |  |
|              | The pilot-in-command may, when a danger occurs or he/she deems to a danger to be likely to occur to<br>the aircraft or passengers, order the passengers on board regarding the procedures for evacuation or<br>other matters necessary for safety.  |  |  |  |  |  |
|              | (2) The pilot-in-command may restrain any person who threatens aircraft safety, irrespective of whether the person is on board or not.  |  |  |  |  |  |
|              | (3) The pilot-in-command shall, when an emergent danger occurs to the aircraft during flight, employ<br>every possible means necessary for rescuing passengers and preventing injury or damage to persons<br>or objects on the land or water.   |  |  |  |  |  |
|              | (4) The pilot-in-command shall direct and supervise those who perform their duties on board the aircraft.   |  |  |  |  |  |
| Question 13: | How many of the following events (a) to (d) fall under the stipulation in Article 166-2 (Report on abnormality) of the Ordinance for Enforcement of the Civil Aeronautics Act? Choose from (1) to (4) below.  |  |  |  |  |  |
|              | (a) Failure in functions of airport, etc. and air navigation facilities   |  |  |  |  |  |
|              | (b) Turbulence of air and other abnormal weather conditions   |  |  |  |  |  |
|              | (c) Volcanic explosion and other violent changes in terrestrial and water-related phenomena   |  |  |  |  |  |
|              | (d) Cases impeding the safe flight of aircraft  |  |  |  |  |  |
|              | (1) 1 (2) 2 (3) 3 (4) 4   |  |  |  |  |  |
| Question 14: | How many of the following events (a) to (d) fall under the stipulation in Article 166-4 (Report on a case likely to cause an accident) of the Ordinance for Enforcement of the Civil Aeronautics Act? Choose from (1) to (4) below.   |  |  |  |  |  |
|              | (a) Landing or an attempt to land on a closed runway or a runway being used by other aircraft   |  |  |  |  |  |
|              | <ul> <li>(b) Case where aircraft crew executed an emergency operation during navigation in order to avoid crashing into or contact with the ground or water</li> </ul>  |  |  |  |  |  |
|              | (c) Shortage of fuel requiring urgent measures  |  |  |  |  |  |
|              | (d) Case where aircraft crew became unable to perform services normally due to injury or disease  |  |  |  |  |  |
|              | (1) 1 (2) 2 (3) 3 (4) 4   |  |  |  |  |  |
| Question 15: | Which of the following statements regarding the method of navigation in the vicinity of an airport, etc. is incorrect?  |  |  |  |  |  |
|              | (1) The aircraft under instrument flight rules shall not take off when the meteorological conditions at the airport, etc. do not meet the minimum conditions for take-off.  |  |  |  |  |  |
|              | (2) In case the meteorological conditions do not meet the minimum conditions for continuing the landing<br>approach at the airport, etc. when the aircraft passes a specified location above the approach height<br>threshold, the landing approach may be continued to the approach height threshold when instrument<br>flight rules are being used for landing. |  |  |  |  |  |
|              | (3) The landing approach shall not be continued when instrument flight rules are being used for landing<br>and the position of the aircraft cannot be confirmed by means of continuous visual contact and<br>recognition of visual references at the approach height threshold or lower altitude.   |  |  |  |  |  |
|              | (4) The aircraft shall follow the approach procedure based on the instrument flight rules and the flight procedure established for the relevant airport, etc.   |  |  |  |  |  |

| Question 16: | Which of the following provisions of Article 191-4 (The standards for the permit for air navigation under particular flight rules) of the Ordinance for Enforcement of the Civil Aeronautics Act is incorrect?  |                                |                   |  |  |
|--------------|---|--------------------------------|-------------------|--|--|
|              | (1) The aircraft shall have the functionality and the system which are needed for air navigation under<br>particular flight rules.  |                                |                   |  |  |
|              | (2) The aircraft crew and the flight dispatcher shall have taken a course by the Ministry of Land,<br>Infrastructure, Transport and Tourism that covers the knowledge and ability which are needed for air<br>navigation under particular flight rules. |                                |                   |  |  |
|              | (3) The operation procedures shall be appropriately defined for each type of navigation under particular<br>flight rules and aircraft types.  |                                |                   |  |  |
|              | (4) Necessary measures shall be taken to secure a safe navigation of aircraft.  |                                |                   |  |  |
| Question 17: | The following is the provision of Article 70 (Intoxicants, etc.) of the Civil Aeronautics Act. Which of the groups of words below can be used to fill in the blanks () to make the provision complete and correct?                                      |                                |                   |  |  |
|              | No member of the ( a ) shall engage in ( b ) while he/she is under the influence of alcohol or (c ) or other chemical agents which are likely to impair in anyway his/her ability to perform normal operations of aircraft.                             |                                |                   |  |  |
|              | (1) a: aircrew  | b: air navigation services     | c: hypnotics      |  |  |
|              | (2) a: pilots   | b: operation of aircraft       | c: hypnotics      |  |  |
|              | (3) a: aircrew  | b: pilotage of aircraft        | c: drugs          |  |  |
|              | (4) a: pilots   | b: operation of aircraft       | c: drugs          |  |  |
| Question 18: | The following statement concerns the emergency equipment stipulated in the Ordinance for Enforcement of the Civil Aeronautics Act. Which of the groups of words below can be used to fill in the blanks () to make the statement complete and correct?  |                                |                   |  |  |
|              | Aircraft used for air transport services with more than ( a ) passenger seats shall be equipped with ( b ) for (c).   |                                |                   |  |  |
|              | (1) a: 90 b: medical s  | supplies and supplements       | c: emergency use  |  |  |
|              |   | supplies and medical equipment | c: air navigation |  |  |
|              | (3) a: 60 b: medical s  | supplies and medical equipment | c: emergency use  |  |  |
|              |   | supplies and supplements       | c: air navigation |  |  |
| Question 19: | The following are provisions of Article 188 (Movement on ground) of the Ordinance for Enforcement of the Civil Aeronautics Act. Which one is incorrect?   |                                |                   |  |  |
|              | (1) A speed from which an aircraft may be quickly and safely stopped by controlling the power system or<br>by lightly applying the brake system shall be maintained.  |                                |                   |  |  |
|              | (2) The forward view shall be thoroughly observed.  |                                |                   |  |  |
|              | (3) The speed shall be lower than the speed limit specified for the area.   |                                |                   |  |  |
|              | (4) When there is a danger of collision with aircraft or other objects, the ground guide shall be provided.   |                                |                   |  |  |
| Question 20: | Which of the following statements is not consistent with the requirements under Article 68 (Standards of crew assignment) of the Civil Aeronautics Act?   |                                |                   |  |  |
|              | (1) The conditions on the route navigated by the aircraft and distance between airports, etc. used on that<br>route shall be taken into account.  |                                |                   |  |  |
|              | (2) The weather conditions expected for the operation concerned shall be taken into account.  |                                |                   |  |  |
|              | <ul> <li>Concerning the pilot, the number of other pilots who are on board and engaged in air navigation and<br/>the presence of aircraft crew other than pilots shall be taken into account.</li> </ul>  |                                |                   |  |  |
|              |   |                                |                   |  |  |

(4) Whether the aircraft is equipped with suitable nap facilities or not shall be taken into account.
